#### Message Regarding Vaccines at Good Shepherd

Last week, the Vestry approved a vaccine requirement for all church staff and key volunteers. This requirement covers all paid staff and identified key volunteers and requires a demonstration of vaccination from COVID-19 by November 1. The primary purposes of this requirement are to promote and reinforce the importance of vaccination in our effort to end this pandemic, and to inform the parish and the broader community that we take seriously the safety of everyone, especially those most vulnerable. It is our intention to do everything we can to ensure the safety of our in-person worship. [Read More](#)

### Text in Community

**Tuesday, October 12, 7:30p (Zoom)**

One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Join us for a discussion of "Sapiens: A Brief History of Humankind" by Yuval Noah Harari. This groundbreaking narrative of humanity's creation and evolution explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be "human."
